

# Welcome to Picasso class!

Hello!

I am looking forward to teaching you this coming academic year. We will be doing a vast amount of learning in year 4! Over the course of the year, you will be developing your grammar and punctuation skills through the teaching of fun activities.

In Maths, you will also develop your knowledge on all four number operations and how to apply your reasoning skills. We will be learning about Arctic explorers and Ancient Greek myths, among many other topics in English.

In Science, we will learn a range of scientific topics through fun and engaging lessons.

I hope you are as excited as me to have a fantastic year!

Kindest Regards,

Miss James

## About me

It was really lovely reading your letters and your profile booklets. I have learnt so much about all of you already!

I will answer some of your questions below;

My favourite colour is blue.

I have a son called AJ, who is six years old.

I have five brothers and two sisters.

My parents were born in Grenada.
