

Welcome to Van Gogh Class

Message from the class teacher

Welcome to Year 6 (2017 - 2018)

Year 6 is an extremely important year as it is your final year of primary school: the year where you transition to a new phase of your education – secondary school. How exciting!

This year requires hard work and dedication, because it is the year where you have to sit the Key Stage Two National Tests. These tests include three maths papers, grammar, punctuation and spelling and Reading comprehension. You might be very anxious about these tests, but I can assure you all that as your class teacher, I will provide all the support you will need to achieve success, because with God all things are possible.

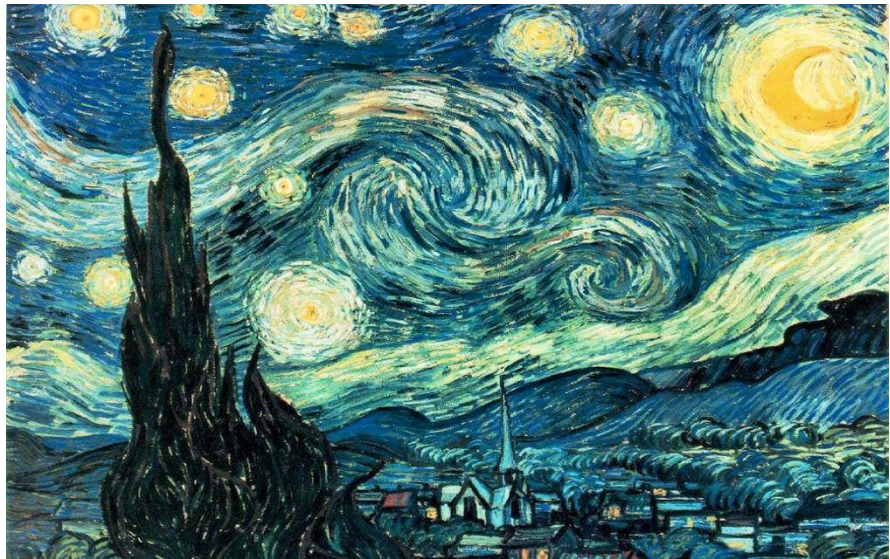

When things get a bit challenging, which they will, always ask for help and remember to remain resilient and never give up! All I require from you is RESPECT and DEDICATION to doing and achieving you very best- this is life's key to achieving success.

I am looking forward to begin a brand new school year of learning with you. Please remember to do some learning during the holidays, and I hope you have a fantastic and restful summer break.

Miss Smith
Year 6 Class Teacher

As part of our learning this year, we will be studying the life work of a famous artist-Vincent Van Gogh. During the holidays, I would like you to do an A-Z of interesting facts about his life. Alternatively, you can do a research project about his life and his achievements as an artist.

Summer challenge: Write a story of 200 words based on this painting. The winner will receive a prize.

VAN GOGH
