

# Welcome to Warhol Class!

Hello! My name is Miss Murray and it is almost time for you to come up to Year 2. How exciting!

This year each class has been named after an artist. Andy Warhol was a very famous American artist who created paintings and photographs in a style called Pop Art. He used lots of lovely bright colours. We will look at his art throughout the year, but I have attached some home learning tasks for you to complete over the summer so you can find out a little bit about him and his art.

We will have Ms Whyte (previous Year 6 Teaching Assistant) with us in the class and I am very excited for all of the learning we will do! In Year 2 we will get to learn about some really interesting topics, such as the Great Fire of London, animals, dinosaurs and chocolate. In the first term, we will become astronauts and find out all about Space! We will find out about the planets and stars and discover lots of exciting books about Space in our English lessons. We will become expert mathematicians next year and I know that together we will solve lots of problems using addition, subtraction, multiplication and division.

I cannot wait for us to get to know each other more over the next year. Here are a few facts about me to get us started. I love drawing and painting. My favourite picture book authors and illustrators are Jon Klassen and Oliver Jeffers. My favourite dessert is chocolate cake.

Have the best summer break! I am very much looking forward to seeing you in September.

## Summer Project

**1) Research!** You could go to the library to find books about Andy Warhol, or look him up online using a computer or tablet. I wonder how many amazing facts you can find out about him.

Here are some **child friendly websites** you could use that have lots of information.

[http://www.ducksters.com/biography/artists/andy\\_warhol.php](http://www.ducksters.com/biography/artists/andy_warhol.php)

<http://primaryfacts.com/818/10-andy-warhol-facts/>

[http://mykidsart.com.au/Andy\\_Warhol\\_Famous\\_Artists\\_My\\_Kids\\_Art.html](http://mykidsart.com.au/Andy_Warhol_Famous_Artists_My_Kids_Art.html)

<http://www.tate.org.uk/kids/explore/who-is/who-andy-warhol>

<https://www.youtube.com/watch?v=DhEyoDCTSDQ>

Write your top 5 facts on the sheet provided. If you find out more than 5, feel free to use other paper, or go onto the back!

**2)** Recreate an Andy Warhol piece in your own way. You could draw, paint, collage or photograph. Choose an Andy Warhol piece to copy. It could be one of the ones I have put on the front page, or one you have seen online or in a book. I've attached some paper for you to use.

**3)** Missing number square Pop Art. By now you have probably noticed that Andy Warhol loved using lots of bright colours in his art! Let's see if we can do some brilliant maths learning and create a piece of art. Fill in the missing numbers in the hundred square I have given you. Decorate the hundred square so it looks like a famous Andy Warhol piece. I can't wait to see how colourful it is.

Also, Lewisham libraries are taking part in the summer reading challenge again this year and the theme is 'Animal Agents'. It would be amazing to see lots of you win medals for completing the challenge and I hope I can hear all about your favourite books after the summer.

Enjoy this project. I look forward to seeing what you discover!
